AAPA
Alexandria, VA

Griff Lynch
Chief Operating Officer
Georgia Ports Authority
Savannah, GA

April Danos
Director of Information Technology
Port Fourchon
Galliano, LA
Chair, Information Technology
Committee, AAPA

8:45 – 10:15 a.m.
(B&C Studio)

Cybersecurity 101 for Ports

This session will set the stage and address the various issues of concern related to cybersecurity: crime and terrorism; business disruption; protection of confidentiality, integrity & availability of computer based systems and data; email filtering vs. social engineering; and responsibility vs accountability. Our panelists will also discuss methods and levels of protection; who is responsible; and why cybersecurity is relevant to all ports, whether operating or landlord ports.

Moderator:

Inigo Thomas, Ph.D., CISSP
Director, Technology Solutions
Port of Wilmington

Lance Kaneshiro, CISSP
Chief Information Officer
Port of Los Angeles

Speakers:

Brett R. Rouzer
Cyber Command
U.S. Coast Guard
Washington, DC

Michael J. Mann
Partner/Sr. Systems Design Consultant
Transportation Technology Associates
Houston, TX

10:15 – 10:30 a.m.
(Colonial Foyer)

Break

Wednesday, March 11 *(continued)*

10:30 a.m. – Noon
(B&C Studio)

Understanding the Business Risk

Our experts will discuss emerging issues related to cyber threats and viable real life threats. The speakers will address insurance and legal liabilities; social license/social capital and human resource implications and responsibilities.
