

Wm. Chip D'Angelo

Founder and CEO

609-462-6766

CDAngelo@wcdgroup.com

Chip D'Angelo pioneered indoor environmental remediation practices and environmental due diligence procedures for the real estate, banking, and insurance industries.

Mr. D'Angelo founded and operated one of the nation's most successful environmental engineering, consulting, testing, and remediation management companies, [Kaselaan & D'Angelo – K&D] The firm developed the procedures which became standards and regulations for the management and abatement of asbestos.

The firm also pioneered the procedure of environmental compliance in conjunction with a real estate transaction with the first ECRA project in New Jersey. Mr. D'Angelo and his staff have delivered environmental projects involving hazardous materials, water, soil, and waste throughout the United States, Mexico, and Europe, including developing innovative technologies in the petrochemical industry and exporting and installing those technologies.

Mr. D'Angelo formed the Environmental Claims Center with Hill International. He designed and developed Mid Atlantic Recycling Technologies, a RCRA Part B facility in New Jersey. He owned and operated Tank Tech, Inc., AAR Contractors, Sub-Surface Investigations, and ENSI Environmental, engineering, remediation, and construction firms in New Jersey, New York, Texas, North Carolina, and Virginia. He also founded and served as Managing Director of Environmental Claims for Strategy, Inc., a leading national construction claims firm.

In addition to the \$1.5 billion in environmental and construction projects that Mr. D'Angelo has evaluated, designed, and managed, he has also developed and managed Internet applications for the construction and engineering industries, along with e-commerce/web-based supply chain management.

Former President George W. Bush appointed Mr. D'Angelo to the CEO Leadership Council as the only environmental CEO. Former New Jersey Governor James Florio appointed Mr. D'Angelo to the Clean Air Council of the New Jersey Department of Environmental Protection. Mr. D'Angelo has completed the OSHA HAZWOPER 40 Hour Course and has achieved USDOT Hazardous Materials (49 CFR 172.704), certifications.
